

Statistics:

- ◆ 40% of all veteran suicides experienced homelessness according to VA Suicide Prevention Roundtable Report of 2019
- ◆ 22 veterans commit suicide every day since 2009
- ◆ 2019, Yale Study showed Veterans are 5-times more likely to commit suicide if they experience homelessness, 3 times more than any other demographics

ABOUT US

Our Troops put their lives on the line to ensure that we can live comfortably each day. It's called the "Service" for a reason; these brave people are incredibly selfless, as the effects of serving are no small feat. They deserve proper resources to assimilate to the lives they once knew once their Service ends. Therefore, we have created a veteran-ran holistic program that gives our Warriors ample resources and structure so they can thrive post-Service.

Life-changing success and spiritual awakening are more than possible when Warriors are granted the structure they need to achieve them.

A HAND-UP, NOT A HAND-OUT

“

Homeless and at-risk veterans need more than just shelter. We must give them the tools to empower themselves and reclaim the self-worth and dignity which comes from occupying a place in the American dream. It is a dream they fought so hard to defend for the rest of us.

~Maria Cuomo Cole***, 2015

”

What Is A Hand-Up?

A strong community requires a strong foundation. Groups of Warriors are strong individuals, but they are even stronger together. Providing them with the resources they need for life-changing success heightens their chances for avoiding homelessness, overcoming mental health struggles, and re-assimilating as a high-functioning member of society.

A hand-up is a resource, such as a program or class, that paves the way for Warriors' seamless transition after their Service ends.

Our Mission

We aim to help, guide, and direct veterans (Warriors) into self-sufficient status while providing a safe and caring environment.

We believe that every Warrior deserves a Hand-Up so they are more equipped to handle modern society's fast-paced lifestyle. Growth is possible at any age, any stage of life, and for any life path. Warriors have spent their whole lives Serving, so now it is time for them to be given a place for Learning.

“As we express our gratitude, we must never forget that the highest appreciation is not to utter words but to live by them.”

~John F. Kennedy

What We Do

The Warrior House Program (WHP) creates a positive, professional environment that helps Warriors feel safe, secure, and have their needs met. Each of our expert caregivers is completely devoted to treating our Warriors with respect and dignity. Every single member of our staff goes above and beyond for our Warriors, creating a lasting impact on their perception of socialization.

We want to remind Warriors of the beauty that is found within interpersonal connections. The WHP enables emotional stability and physical health through a comprehensive Program that encourages spiritual awakening.

Vision

Improper care for Warriors contributes to current economic and sociopolitical crises such as homelessness, mental health issues, and poverty. People often express respect for our Troops, but few places like Houses For Warriors exist to completely devote their resources to Warrior enrichment. Therefore, we offer a Program that creates self-sufficient, successful, productive, and functional members of society.

In an ideal world, every Warrior would be cared for and assisted so they can reach their fullest potential. We have created the space that makes this idea a reality.

\$25,000

TRANSFORMS A WARRIOR'S LIFE
