2024

—A YEAR OF GROWTH

In 2024, Houses For Warriors made incredible strides in our mission to serve homeless and at-risk veterans. Thanks to the generosity of our supporters, we were able to expand our impact and reach more veterans than ever before.

This year, we celebrated key milestones, including the successful housing and support of 13 veterans through our Warrior House Transitional Housing Program. Our Warrior Resiliency Training (WRT) program empowered participants to overcome challenges and build a brighter future.

Through community contributions, we provided essential furniture, appliances, and property resources, helping veterans create safe, functional homes. We also mobilized volunteers to complete impactful service projects that strengthened our community. None of this would have been possible without your support. Together, we are making a lasting difference in the lives of those who have sacrificed so much for our country.

Thank you for standing with us in 2024.

PROGRAMMATIC PILLARS

Houses For Warriors programmatic strategy is guided by the following principles:

Housing Stability

Safe and secure housing is the foundation of a stable life. Our transitional housing programs provide veterans with a supportive environment where they can heal, rebuild, and transition toward independence.

Community Integration

We strive to reintegrate veterans into their communities by fostering meaningful connections. Through volunteer initiatives, mentorship programs, and local partnerships, we create opportunities for veterans to give back and build supportive networks.

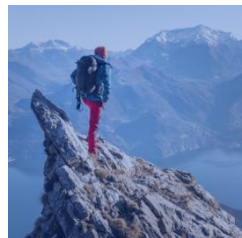

Resource Accessibility

Access to essential resources is critical for rebuilding lives. From furniture and appliance donations to transportation assistance, we ensure veterans have the tools they need to create a safe and functional living environment.

Personal Growth & Accountability

We believe that lasting change begins with personal growth. Our programs focus on empowering veterans to take ownership of their lives, develop critical life skills, and break the cycle of dependency for good.

Sustainable Solutions

Our approach prioritizes long-term success over short-term fixes. By addressing the root causes of homelessness and hardship, we help veterans create permanent change and a brighter future.

Collaboration & Transparency

We work hand-in-hand with community partners, donors, and volunteers to maximize our impact. Through transparency and accountability, we ensure every effort and dollar is used effectively to support our nation's heroes.

OUR COMMITMENT

At Houses For Warriors, our commitment to empowering veterans is stronger than ever. We believe in giving a hand up, not a handout, by equipping our nation's heroes with the tools they need to heal, grow, and permanently overcome the barriers they face.

Empowering Warriors

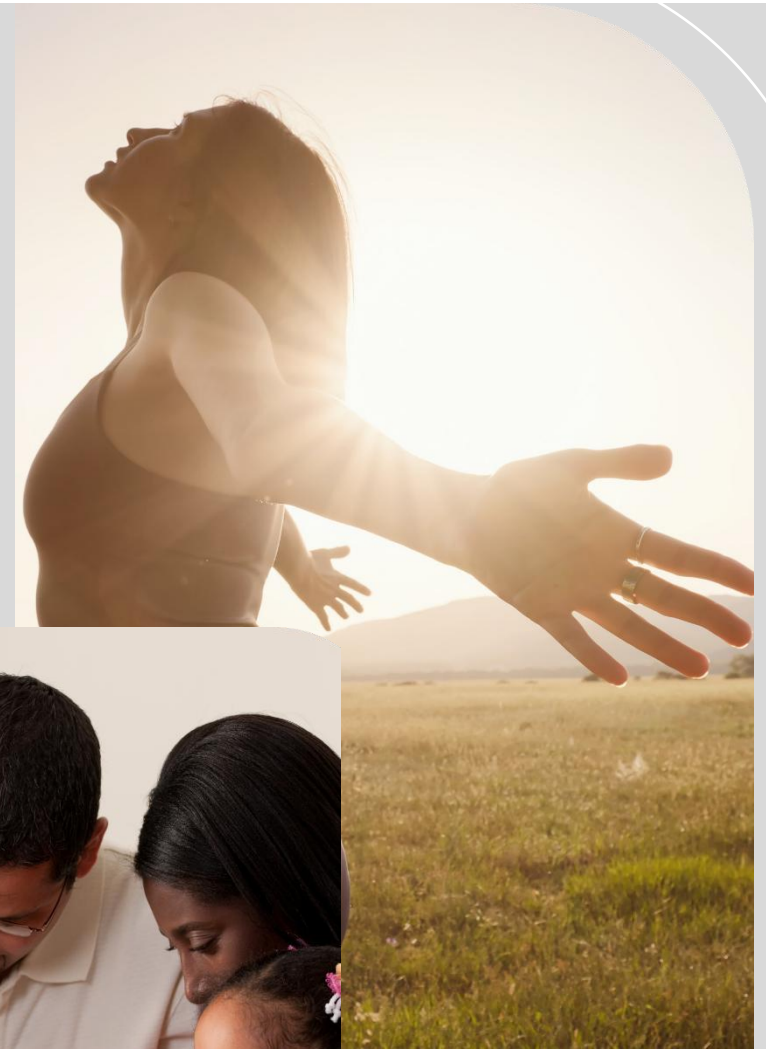

Our programs focus on personal growth, accountability, and self-reliance. We are dedicated to helping veterans rebuild their lives and create a future where they never have to rely on the system again.

Transparency and Integrity

Every dollar we raise goes toward impactful programs and services that directly benefit veterans. We prioritize financial transparency and accountability to ensure our donors and supporters can trust in the power of their contributions.

Sustainable Support

Through partnerships with local organizations, community-driven initiatives, and programs designed for long-term success, we provide veterans with sustainable solutions that create lasting change. Together, we're not just helping veterans survive—we're helping them thrive.

-The Houses For Warriors Team

THE STORY CONTINUES

Since our founding in 2019, Houses For Warriors has been dedicated to empowering homeless and at-risk veterans to rebuild their lives with dignity and purpose. In just a few years, we've provided transitional housing, personal growth programs, and essential resources to hundreds of veterans, giving them the tools to overcome barriers and create a brighter future.

While we're proud of the lives we've impacted so far, we know the mission is far from complete. Thousands of veterans still face homelessness, mental health challenges, and systemic barriers to stability. That's why we remain steadfast in our commitment to providing sustainable solutions that not only meet immediate needs but also create lasting change.

This work requires all of us—staff, volunteers, donors, and partners—coming together to make an impact that will stand the test of time. As we look ahead to a new year, we're inspired by the courage of the veterans we serve and the generosity of those who support our mission. Together, we can ensure that no veteran is left behind.
